

RAMELIUS GOLD

# Who We Are & How It Works

A premium guide to our company, our values, and how investors use the Ramelius Gold platform with confidence.

# Who We Are

Ramelius Gold is an Australia-focused gold investment company that connects investors to gold-linked opportunities supported by real mining activity, disciplined risk management, and transparent reporting. We build a clear bridge between operational performance and investor participation.

## Australian Gold Focus

Our outlook is shaped by gold production and development opportunities in Australia — guided by practical geology and careful planning.

## Investor Bridge

We make gold-linked participation accessible through structured plans, clear communication, and a modern digital platform.

## OUR MISSION

Deliver disciplined exposure to gold mining performance and create a straightforward investor experience grounded in operational reality — with clear timelines, defined plan terms, and reporting investors can trust.

GOLD MINING OPERATIONS — THE FOUNDATION OF OUR INVESTOR OPPORTUNITY

# Our Values

These principles guide how we operate, communicate, and build lasting investor relationships.

## Transparency

Clear plan terms, honest communication, and reporting that respects investor expectations.

## Discipline

Careful exposure to gold performance — never driven by hype or empty promises.

## Integrity

Accountability, ethical conduct, and responsible investor relations in everything we do.

## Long-Term Thinking

We build lasting investor confidence — not short-term noise or pressure tactics.

## Security & Trust

Protecting investor confidence through secure systems, careful operations, and a culture of reliability.

# What We Offer

Thoughtfully designed opportunities for investors seeking gold-linked growth with clarity and support.

## Structured Investment Plans

Curated gold-linked plans with defined terms and return structures for clear, long-term participation.

## Professional Market Access

Live market insight and investment opportunity through a modern digital investor platform.

## Managed Trading Options

Subscription-style participation for investors who prefer guided market activity.

## Referral Rewards

A partnership program that rewards investors who introduce others to Ramelius Gold.

## Investor Support

Dedicated communication for onboarding questions, plan guidance, and ongoing assistance — so you never feel alone.

# Why Choose Ramelius Gold

A premium investment partner built around clarity, discipline, and lasting confidence.

1

## Australian Gold Focus

Our story is anchored in gold — with a clear outlook shaped by Australian mining opportunity and operational discipline.

2

## Transparent Investor Experience

Defined plan terms, clear communication, and reporting designed to respect what investors need to know.

3

## Secure Digital Platform

A modern environment where investors can participate with confidence and strong protection practices.

4

## Commitment to Disciplined Growth

We pursue opportunity with practical planning and responsible communication — building wealth the thoughtful way.

### A Note on Risk

Gold mining and investing involve real risks, including commodity price movement, operational factors, and market volatility. Ramelius Gold approaches opportunity with practical planning and responsible communication — never empty guarantees.

## PART TWO

# How It Works

A clear walkthrough of the investor journey — from creating your account to earning returns, referring friends, and withdrawing with confidence.

# Welcome to the Platform

Ramelius Gold is an online investment and trading platform where users deposit funds, invest in curated investment plans, track live crypto and stock markets, and earn returns on their capital. Everything is managed from a personal dashboard.

1

## Creating Your Account

Sign up with your name, username, email, phone, country, and password. You can also join using a friend's referral link. After registering, a welcome email is sent and you log in to your personal dashboard. A verification code may also be emailed to confirm your account.

2

## Your Dashboard

Your control center shows account balance, active investments, referral bonus earnings, recent transactions, and notifications. An in-app notification bell alerts you to important events — deposits confirmed, withdrawals processed, returns paid, and new referrals. Dark and light theme options are available.

3

## Simple Investor Journey

Create account

Choose a plan

Earn returns

Withdraw anytime\*

\*Subject to plan terms and processing times.

MANAGE EVERYTHING FROM YOUR PERSONAL DASHBOARD

# Depositing & Investing

Fund your account securely, then put your capital to work in curated plans designed for clear returns.

## Depositing Funds

Go to **Deposits** → choose a payment method → enter amount → complete payment. Supported methods include card payments and cryptocurrency (e.g. Bitcoin, USDT, and other coins), among others. Once confirmed, funds are credited to your account balance. You receive a notification and email confirmation. Deposit bonuses may apply.

Deposits

Choose method

Enter amount

Pay &amp; confirm

## Investing in a Plan

Browse available investment plans on the **Buy Plan** page. Each plan has its own minimum/maximum amount, duration, and return rate (ROI). Choose a plan → enter the amount → confirm. The plan then runs automatically and ROI is credited to your account over time, with email and in-app notifications each time returns are paid. View all your plans, open plan details, and track progress until completion.

Select plan

Confirm amount

Earn ROI

# Trading Tools & Cash Out

Explore markets, use subscription trading, and withdraw your money with identity confirmation for security.

## Live Markets & Trading

Explore live cryptocurrency and stock market data, view price charts for individual coins and stocks, build a personal watchlist of favorite assets, and place orders from the trading area.

## Copy / Subscription Trading

Subscribe to a trading service by submitting your MT4 account details, letting professional trading activity run on your behalf. Subscriptions renew monthly, quarterly, or yearly. You're notified before expiry and can renew from the dashboard.

## Withdrawing Your Money

First set up your withdrawal/payout details in account settings. Then go to **Withdrawals** → enter amount → confirm identity with a one-time code (OTP) sent by email → submit the request. You'll receive email and in-app updates when the withdrawal is processed.

# Grow With Your Network

Every user gets a personal referral link on the **Refer a User** page: [ramluisgd.com/ref/yourusername](https://ramluisgd.com/ref/yourusername). Share it with friends and earn as your network grows.

1

## Share link

Send your unique referral URL

2

## Friend joins

They register via your link

3

## You get notified

Instant email + dashboard alert

4

## Friend deposits

They fund their account

5

## You earn %

Commission to your balance

## Your Referral Network

When someone registers through your link, you receive an **instant email** and dashboard notification that your referral joined. When they make deposits, you earn commission bonuses credited straight to your balance — and commissions can extend through multiple levels of your network.

# Transfers, Security & Help

Move funds between users, keep your account secure, and get help whenever you need it.

## Transfers Between Users

Send funds directly to another user on the platform from the **Transfer Funds** page. The recipient gets a credit alert email.

## Account & Security

Update profile info, change password, and manage email notification preferences. Enable two-factor authentication, complete KYC verification if requested, and stay protected with login alerts and device activity tracking.

## Support & Getting Help

Use the in-dashboard support page, the live chat widget on the site, or email us at [mail@ramluisgd.com](mailto:mail@ramluisgd.com) for enquiries. Our investor support team is ready to help with onboarding, plans, and account questions.

# Quick Answers

Common questions from new and active investors.

## How do I deposit?

Open Deposits, choose a payment method (card or crypto), enter the amount, and complete payment. You'll be notified when funds are credited.

## When do I get my returns?

Once you join a plan, ROI is credited automatically over the plan's duration. You'll get email and in-app alerts when returns are paid.

## How do referral bonuses work?

Share your personal link. When a friend joins, you're notified. When they deposit, you earn commission — including across multiple network levels.

## How long do withdrawals take?

After you submit a request and confirm with the email OTP, processing times depend on method and verification. You'll receive status updates by email and notification.

## Can I cancel a plan?

Plan cancellation depends on the plan terms shown at purchase. Review plan details before investing, or contact support for guidance.

## How do I contact support?

Use the dashboard support page, live chat on the website, or email [mail@ramluisgd.com](mailto:mail@ramluisgd.com).

## Is my account secure?

Yes — you can enable two-factor authentication, manage email preferences, and complete KYC when required. Login and device activity are tracked for safety.

## What markets can I view?

You can explore live crypto and stock data, charts, watchlists, and place orders from the trading area of your dashboard.
